

COMPAC

WE TRANSFORM MATTER INTO
EXCELLENCE AND EMOTION

"At COMPAC® we support the architecture sector for both future generations and established professionals. We are at the service of architects and our mission is to respond to the most demanding technical requirements with a unique and creative design."

Paco Sanchis, CEO COMPAC®

HERITATGE OF THE BRAND

TALENT AND INGENUITY, THINKING DIFFERENT

With almost 50 years of history, if one thing defines COMPAC® it is the passion for experimenting, researching and developing new solutions capable of making any project tangible, no matter how avant-garde and disruptive it may be.

At COMPAC® we believe in the power of collaboration to transform matter into something genuine, memorable and sustainable, positively influencing our surroundings with environmentally friendly materials.

WE ARE NON-CONFORMISTS

THE PERFECT EQUATION

OBSIDIANA COMPAC®

THE ETHICAL BEAUTY

We have achieved the perfect equation: material, technology, talent, art, architecture and sustainability. The result? To be unique and challenge all limits with absolute responsibility. Because we were born with that commitment and it will always be our motto.

Obsidiana COMPAC®, made of 100% recycled glass, has the COMPAC® level of performance, finish and beauty. An incomparable material that has won the most prestigious international awards and recognitions, endorsing its manufacturing process from the absolute sustainability.

TERRAZZO COMPAC®

HIGH PERFORMANCE STONE

A material from another era, created to resist, designed to create works that stand the passage of time. Resistant, impenetrable, unbreakable, moldable, capable of covering everything.

But beauty always resists and endures. The strength and subtlety of our Terrazzo™ gives rise to environments marked by their strong personality. Its details, exclusive to each piece, make each design unique.

Thus, COMPAC reinvents itself to offer a wide versatility of applications that provides solutions for all surfaces.

QUARTZ COMPAC®

BEAUTY BELONGS TO WHO UNDESTANDS IT

Only when one really understands the perfection, wisdom and greatness of nature, it is possible to begin to conceive something more than that. This is how we put all our knowledge acquired over the years at the service of the purest raw materials, ensuring that the final product is even more perfect than nature.

Technological Quartz is a product of exceptional hardness and beauty. With the natural look and feel of quartz but with superior performance thanks to its great durability. It also has a wide range of designs, sizes, thicknesses and ornamentations. An ideal product for all types of interior surfaces that have to withstand intensive use.

WE WANT TO GO AS FAR AS

OUR DREAMS TAKE US

Collaborations with prestigious architects, designers and artists are one of the distinctive features of the company, which plays a leading role in the relationship between industry and architecture.

At COMPAC® we are convinced that the mind and talent master the material to transform it into unique pieces and inspiring experiences, and it is passion that makes it truly distinctive, achieving Excellence.

THE MATTER MASTERING IMMERSION

MINDS OVER MATTER

"Industry, architecture and society must walk together in the challenge of solving the social and environmental challenges of our present and future times."
